SPECIALISTS IN MANUFACTURING AND APPLICATION OF LIQUID RUBBER

ABOUT US

manufactures and supplies a wide range of products to cover most of your **waterproofing** requirements.

From waterproofing concrete, aluminium, IBR, corrugated iron roofs and damp proofing, we provide you with expert advice on problem solving for both **industrial** and **residential** sectors.

Our products are manufactured according to South Africa's weather conditions. With our own team of experts on board we pride ourselves in providing both high quality products and professional services.

MANUFACTURING DIVISION - Flexperts Manufacturing Pty (Ltd).

Our company has been in operation since 2013, with the manufacturing of Liquid Rubber for the waterproofing and damp proofing industry. Our products are for industrial and commercial whereby we also supply Polyurethanes, Rubber Binders, Sealants, Paints, Floor Coatings and Rubber Crumb.

“We strive to improve our products to be a better contender in the Liquid Rubber Industry. - Ronald Graham

APPLICATION DIVISION - Rubber Flexperts Pty (Ltd).

Our senior team members have been in the waterproofing and damp proofing industry with experience for more than 30 Years. We have application and distribution teams operating country-wide.

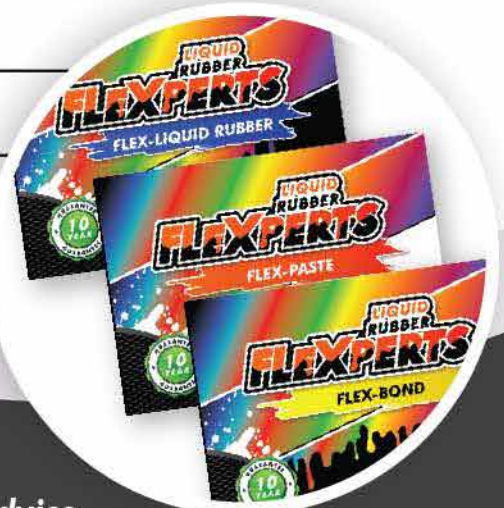

“We are committed to providing the most suitable and reliable product to our customers. - Charles Louw
